DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims 1 and 83 are directed to subject matter similar to claims 1 and 71 which have been previously patented, U.S. Patent No. 6,520,005, and for which a terminal disclaimer has been filed in this application.

Claims 84 and 85 are allowable over the prior art because the prior art fails to teach and/or make obvious an apparatus comprising a probe having at least a first and a second tip, the second tip being a nanotube; a device to scan a sample with the first tip until a feature is found; and an instrument to measure the feature with the second tip in combination with all of the remaining limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel S. Larkin whose telephone number is 571-272-2198. The examiner can normally be reached on 8:00 AM - 5:00 PM Mon-Fri.
